

Using OneDrive with Book Creator on an iPad

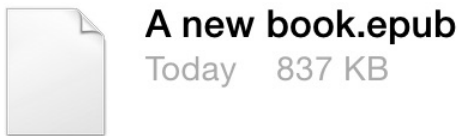

Using OneDrive, you can store your Book Creator files on the cloud

1. Click on the exporting icon in the upper right corner. 
2. Then choose OneDrive as the destination. You will need to login to OneDrive on the iPad. Use **userid@limestoneschools.ca** for the Microsoft screen. Then use your AD login for the LDSB screen.
3. Click on Upload to OneDrive for Business at the bottom of the next screen.
4. Once the upload is complete, click on Done in the upper left of the screen.

Upload to OneDrive for Business

Here is how to get your Book Creator files back from the cloud

1. Click on the file in OneDrive.
2. In the next screen, click on the ellipses at the bottom right. 
3. Choose Open in Another App, and then choose the Book Creator app.
