

Using OneDrive with Shadow Puppet on an iPad

Using OneDrive, you can store your Shadow Puppet files on the cloud

1. When you are prompted to save your file, you can click on the **More** icon in the lower right. You will need to login to OneDrive on the iPad. Use **userid@limestoneschools.ca** for the Microsoft screen. Then use your AD login for the LDSB screen.

2. Then choose **Open in** as your destination.

3. Then choose OneDrive.

4. Then choose Upload to OneDrive for Business.
