

How to Create Your Own YouTube Channel

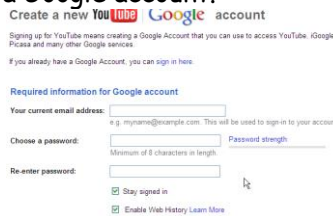

Creating your own channel make using YouTube safer to use in your classroom!

1. Go to www.youtube.com

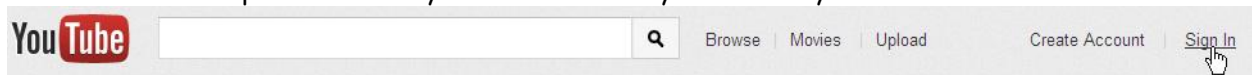

2. Click the "Create Account" link in the top right corner of the website.

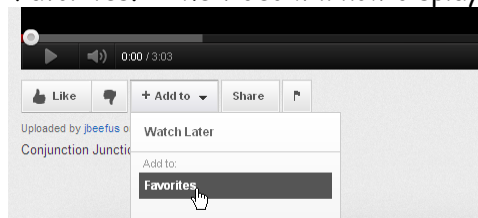

3. Fill out the form on the sign up page to create a YouTube account. A confirmation link will be emailed to you at the address you provide. You must click on this link to activate your YouTube account. You DO NOT have to have a Google account.

4. Return to the YouTube home page and click the link that says "Sign In." On the sign-in form, type the user name and password that you selected when you created your account.

5. To add a video from YouTube, pull up the video on your computer, then select "+Add To" at the bottom of the video, and click "Favorites." The video will now display on your channel.

6. If you want to add a video that you have created, click the "Upload" button and follow the steps.

8. Once you are on your channel, make note of the URL so that you will know what address to give your family and friends.

7. To view your channel click on your user name at the top of the screen, and select "My Channel."

Have fun creating a safe way to share videos with your students!
